**PETITION TO RESET A PERIOD FOR REPLY DUE TO LATE RECEIPT OF AN  
OFFICE ACTION**

Applicant hereby petitions that the period for reply to the Office action having a mail date of April 5, 2005, be reset due to late receipt of the Office action.

According to MPEP 710.06(I), the Office will grant a petition to restart the previously set period for reply to an Office Action to run from the date of receipt of the Office action at the correspondence address when the following criteria are met:

- A. The petition is filed within 2 weeks of the date of receipt of the Office action at the correspondence address;
- B. a substantial portion of the set reply period had elapsed on the date of receipt; and
- C. the petition includes evidence showing the date of receipt of the Office action at the correspondence address.

With respect to criteria A, the Office action was received on July 29, 2005. This petition is being filed on August 15, 2005, which is just outside of 2 weeks of the date of receipt of the Office action. The undersigned only became aware on August 15, 2005, of the two-week criteria for filing a petition to reset the period for reply. However, as outlined below, the undersigned promptly took action on rectifying the late receipt of the Office action:

The undersigned called Examiner Berko the week following July 29, 2005, to determine the procedure for resetting the period for reply. Examiner Berko was not aware of the procedure

for resetting the period for reply but promised to call the undersigned back as soon as he found out. During a follow-up call to Examiner Berko, Examiner Berko promised to contact personnel who would be able to handle a request to reset the period for reply.

Not hearing from Examiner Berko, the undersigned subsequently called Examiner Berko's supervisor, Thurman K. Page, around August 11, 2005, and left a voice mail with a request to discuss how to proceed with resetting the period for reply due to late receipt of the Office action. The call was not returned. Another call to Supervisor Page on August 15, 2005, revealed that Supervisor Page would not be in the office on August 15, 2005, and August 16, 2005, but that Examiner Neil Levy could be contacted with questions.

The undersigned contacted Examiner Neil Levy, who then advised the undersigned to send in a paper request to reset the period for reply.

With respect to criteria B, the three-month period for replying to the Office action, which was July 5, 2005, had elapsed on the date of receipt of the Office action, which was July 29, 2005.

With respect to criteria C, enclosed please find a front page of the Office action bearing a date stamp with the date the Office action was received at the correspondence address of record. The date of receipt of the Office action at the correspondence address was July 29, 2005.

Because the period for reply had elapsed before receipt of the Office action, the Applicant is entitled to restarting of the previously set period for reply to the Office action to run from the date of receipt of the Office action at the correspondence address, which is July 29, 2005.

Favorable action on this petition is respectfully requested. Please apply any fees required for filing of this petition to Deposit Account No. 50-3202.

Respectfully submitted,

Date: 8/15/05
